WE'RE HERE TO HELP YOU GET THERE

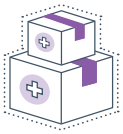
Vertex GPS™: Guidance & Patient Support offers personalized, one-on-one support to help you start and stay on track with your Vertex treatment. Once you're enrolled, you'll be assigned a dedicated GPS Support Specialist who will be with you every step of the way.

Here are just some of the ways your Support Specialist can help:

Get you started on treatment by verifying your coverage and out-of-pocket costs with your insurance company. Your Support Specialist will also connect with your healthcare provider to discuss any requirements or questions your insurance company may have while determining coverage.

Help you explore financial assistance options. And if you have commercial insurance, the Vertex GPS Co-pay Assistance Program may be able to lower your co-pay to as little as $0 per fill.*

*Limitations apply. Annual assistance is limited to a maximum of $20,000. Not available to individuals with government-funded insurance such as Medicaid, Medicare, and TRICARE®. Vertex reserves the right to rescind, revoke, or amend this assistance program at any time.



Keep you on track with your treatment by coordinating shipments with your specialty pharmacy and reminding you when it's time to refill your Vertex medicine. And if your daily routine changes, your Support Specialist can help you pre-plan refills, ship your medicine to a new address, and share tips to help you stay motivated.

Meet your everyday needs with information on nutrition and tips for staying physically active and maintaining a healthy mindset. And if you're caring for someone on a Vertex medicine, your Support Specialist can send educational resources to help you teach your loved one about the importance of their daily treatment routine.

Plan for what's ahead as you approach big life changes. Your Support Specialist can help you prepare for your next chapter and give you tips on staying on track with your Vertex treatment. They can also share experiences from others in this community.
